AN INSIDE LOOK AT PROFESSIONAL LIFE FOR
AGES 16 – 18.

Are you wondering about college and a career and where your choice of major will take you. Or do you know exactly what you want to do and can't wait to get started? In either case Career Builders can provide incredibly valuable experience.

An exciting new program, Career Builders gives you the opportunity to explore work in a chosen field *and* life on campus at the University of Pennsylvania, your home for the session. A Career Builders internship lets you “try on” a career so you can decide — based on *your* experience — whether you want to spend your college years preparing for it.

Interns are chosen on the basis of their application package and work from 9 to 5, Monday through Friday, in professional businesses or facilities conveniently located within minutes of the Penn campus. They receive a \$125 weekly stipend.

SUMMER INTERNSHIPS
IN PHILADELPHIA

Career Builders

Depending on your chosen field, a Career Builders internship could put you in an office, lab, studio, store or manufacturing plant, mentored by a participating professional. You might be interning with a lawyer, on a research project, with a vet, in the fashion or entertainment businesses, cooking, writing, dealing with the public or in sports management.

It's a world of vast possibilities!

And this is your chance to discover and explore it in a fast paced, educational, fun environment. Bottom line, you'll be on the inside track, building a network and resume for the future.

After hours, interns enjoy a wide selection of sports, social activities and off-campus explorations, as well as Saturday trips to regional attractions such as Great Adventure, the beach at Ocean City, N.J., New York City, Baltimore, Md. or Washington, D.C.
